DIFFERENT WAYS TO VOTE

Early Voting In-Person

10/19-11/2: Early voting locations and times will vary by county. Look at the Board of Elections website for your county, or check with the Chicago Board of Elections, for more information on how to vote early. To early vote, you will need to explain why you cannot vote on Election Day. A photo-ID is not required, but you should bring it to speed up your process.

Vote By Mail

Any Illinois registered voter can request a mail-in-ballot to vote during an election. Find out about voting by mail in Illinois [here](#). The application to vote by mail can be found [here](#). Use this method if you are on electronic monitoring or have restricted movement and it would be difficult to get to a polling place, or if you have limited time.
